ENVIROMISSION GOES LIVE ON OTCQX

Pink OTC Markets Inc., the leading electronic inter-dealer quotation system, trading technology and financial information provider for over-the-counter (OTC) securities, today announced that [EnviroMission Limited](#) (ASX: EVM, OTCQX: EVOMY), an Australian renewable energy production company, has chosen to list its American Depositary Receipts (ADRs) on OTCQX.

EnviroMission ADRs began trading today on the OTC market's prestigious tier, OTCQX International. Investors can find current financial disclosure and real-time Level 2 quotes for the company on www.otcqx.com and www.pinksheets.com.

"We are pleased to welcome EnviroMission to OTCQX," said R. Cromwell Coulson, Chairman and CEO of Pink OTC Markets. "OTCQX gives EnviroMission a visible market tier to increase U.S. investor awareness and is a natural choice for international companies that wish to have a reputable and liquid secondary market for their U.S. shareholders."

The Bank of New York Mellon, which acts as Depositary for the EnviroMission ADR program, will serve as EnviroMission Principal American Liaison ("PAL") on OTCQX, responsible for providing guidance on listing requirements.

EnviroMission ADRs will trade in the United States on OTCQX under the symbol "EVOMY", where each ADR will represent 20 EnviroMission Ordinary Shares. EnviroMission shares are also listed on the Australian Stock Exchange under the symbol EVM.

"Listing on the OTCQX provides EnviroMission with the platform to create U.S. investor awareness and liquidity through a transparent and reputable market mechanism," EnviroMission Limited Executive Chairman Roger Davey said.
